Commissioners' Comments

STATE OF WEST VIRGINIA, COUNTY OF PRESTON, Ss:

The Preston County Commission met in Regular Session at 9:30 a.m., November 7, 2023 in the County Commission Meeting room.

The meeting was called to order by President Samantha Stone who invited those present to join in the Pledge of Allegiance.

Commissioner Stone then declared the following Commissioners present: Don Smith, Hunter Thomas and Samantha Stone.

Recognition of Public

Also, present was Administrator Nathan Raybeck and Assessor Connie Ervin.

The following persons registered their attendance during the meeting:

Jennifer Graham – DP

Jacob Martin - WV News, PCN&J

Nichole Larew

Deanna Lively

Duane Hamilton-OEM/E911

David L. Watson, CEC Inc., Prentiss Taylor Jr. and Rita Nicholson, Town of Tunnelton registered their attendance prior to the meeting to address the Commission regarding a Fortney Road water line extension for the Town of Tunnelton, which is a 7- mile stretch needing water service because of bad wells, iron in the water or the wells have gone dry and they are having to haul water.

Mr. Watson developed a cost estimate with the construction amount of \$110K and the Engineering Permits costing \$33K for a total of \$143K. The ask was for the \$33K for the engineers to begin with the design.

Commissioners recommended they also speak with the PCEDA, Region VI and agreed to look at coordinating different people to the table to assist.

October 11, 2023

To Whom it May Concern,

We are writing to you as concerned citizens of Fortney Road in Tunnelton, WV. Fortney Road is a one lane gravel road on which five homes are located, with plans for the construction of a sixth home in the near future. It is located less than a mile from the town limits of Tunnelton. The town water lines currently run past the end of the road, with all five homes located within 1/4 of a mile from the existing water lines. As town water is not currently available in this area, all residents are using existing wells o natural springs as a main water source.

Some of us are having issues with very low water supply or well water containing elevated levels of iron. One family has not had a sufficient amount of water available for the past several months. This created a need to frequently haul water to the property to maintain an adequate water supply.

As residents of Fortney Road, we are requesting the expansion of the town water system to include our road. Extending the town water lines to include Fortney Road would provide all of us with a more sustainable and clean option for water.

Thank you for your time and consideration on this matter.

Sincerely,

The residents of Fortney Road

assendra Chambres
